

**First International Conference on Secure Reconfigurable Architectures & Intelligent Computing (SRAIC)
28- 30, November 2019**

Date	Time	Session	Topic	Speaker
Tutorial Session				
28.11.2019	9.30 to 12.30	Session - 1	High Performance VLSI Architectures for Security Appliances	Dr. Noor Mohammed , Assistant Professor, IIITDM, Kancheepuram
	1.30 to 3.30	Session - 2	Graph Query Language	Mr. Sridhar Tiruchendurai , Senior VP Technology at Born Group
Keynote Session				
29.11.2019	9.30 to 11.00	Session - 3	Machine Vision and Learning for Inspection	Dr. Vedhang Chauhan , Assistant Professor, Western New England University, USA
	11.30 to 1.00	Session - 4	Edge Intelligence using open source SHAKTHI PROCESSOR	Dr. Kamakoti - Professor, IIT Madras
	2.00 to 3.30	Session - 5	Biometrics and privacy protection	Dr. Kiran Bylappa , Associate professor, Norwegian University of Science and Technology
	4.00 to 5.30	Session - 6	Computer Networks and Security	Dr. Mohammad Hammoudeh , Senior Lecturer, Manchester Metropolitan University
30.11.2019	9.30 to 11.00	Session - 7	Intelligent Cloud and Intelligent Edge	Ms. Charu Srinivasan , Partner Director of Engg., Microsoft
	11.00 to 1.00	Session - 8	Cyber forensics principles	Mr. Balan C , Associate Director CDAC, Thiruvananthapuram
	1.30 to 3.00	Session - 9	Securing IoT - Based Wireless Implantable Medical Devices	Dr. Rajan Shankaran , Senior Lecturer, Macquarie University Sydney, Australia
	3.30 to 5.00	Session - 10	Paper Presentation	Session Chair : Dr. N. Ramasubramanian , Professor, NIT Trichy.
